ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this *Truth-in-Savings Disclosure* are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Savings, High Yield Savings, Money Market Savings, Platinum Money Market, Langley Saves, Holiday Savings, Money Market IRA, Platinum Checking, MyDesign Checking Steady Saver, and MyDesign Checking All-In accounts, the dividend rate and annual percentage yield may change monthly as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. The Money Market Savings, Platinum Money Market, and Money Market IRA accounts are tiered rate accounts. Once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account.

The Langley Saver, High Yield Savings, MyDesign Checking Steady Saver, and MyDesign Checking All-In accounts are tiered rate accounts. Each dividend rate will apply only to that portion of the account balance within each balance range.

2. HIGH YIELD SAVINGS — For High Yield Savings accounts you may qualify for a higher dividend rate and annual percentage yield if you meet the applicable minimum qualification requirements for the monthly qualification cycle. To meet the minimum qualification requirements, you must: a) be enrolled to receive E-statement and b) only make up to one (1) withdrawal. The monthly qualification cycle is defined as the first day of the calendar month to the last day of the calendar month. If you meet the minimum qualification requirements during the monthly qualification cycle, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply if your balance is \$25,000 and below . The second dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply if your balance is \$25,000.01 or greater . Each dividend rate will apply only to that portion of the account

balance within each range. If you do not meet the minimum qualification requirements during the monthly qualification cycle, the third dividend rate and annual percentage yield will apply to the entire balance.

For High Yield Savings accounts, you may also increase your dividend if you have a MyDesign Checking Steady Saver or MyDesign Checking All-in account. If you have a MyDesign Checking Steady Saver or MyDesign Checking All-in account and meet the applicable minimum qualification requirements during the monthly qualification cycle, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply if your balance is \$50,000 and below . The second dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply if your balance is \$50,000.01 or greater . Each dividend rate will apply only to that portion of the account balance within each range. If you do not meet the qualifications of the MyDesign Checking Steady Saver or MyDesign Checking All-In account, you will earn the dividend listed for this account in the Rate Schedule on your balance up to \$10,000.00. ATM access is not

permitted, the account is limited to one withdrawal or transfer per month and is not available for overdraft transfers or automatic transfers to other accounts. Only one High Yield Savings account is allowed per member.

3. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

4. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period. Dividends will be paid on the last day of the dividend period.

5. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For Savings, High Yield Savings, Additional Savings, Money Market Savings, Platinum Money Market, Langley Saves, Holiday Savings, Money Market IRA, Platinum Checking, MyDesign Checking Steady Saver and MyDesign Checking All-in accounts, if you close or convert your account before accrued dividends are credited, you will not receive the accrued dividends.

6. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in any account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Savings, High Yield Savings, Additional Savings, Money Market Savings, Platinum Money Market, Langley Saves, Holiday Savings, Money Market IRA, Platinum Checking, MyDesign Checking Steady Saver and MyDesign Checking All-in accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

7. ACCOUNT LIMITATIONS — For Platinum Money Market accounts, one free withdrawal or transfer per calendar month. A fee of \$25.00 will be charged for each additional withdrawal or transfer within the calendar month.
